 sustana®

HISTORIC PRESENCE

The historic Sustana Mill boasts generations of accumulated expertise in manufacturing security papers for identification, payment, stamps and other high security documents.

Renowned among governments and corporations in Canada, the U.S. and overseas, many have entrusted their good name to Sustana for generations.

PROTECTION YOU CAN COUNT ON

Our four security steps were developed with the latest manufacturing technology to help your organization thrive in a market where fraudsters are constantly on the prowl.

PERFORMANCE YOU CAN TRUST

Unparalleled in performance and quality,
Sustana security papers:

- Are excellent for offset printing
- Perform very well during conversion and all subsequent processes
- Are MICR – OCR Guaranteed (meet banking standards for high-speed optical readers and magnetic ink recognition)

STEP 1

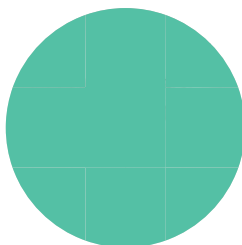

Protect your checks and low risk documents against today's most common fraud techniques.
